### Payments

Cash payments to Dee-Anne or Justine are preferred however bank transfer is available, please contact Justine for more information.

### The Rules

- Full payment required by Round 3 – Thursday 27<sup>th</sup> March 2025, no exceptions – sorry.
- Tips can be completed for each game up to 10 minutes, before the start of the game.
- Late tips **will not be accepted**. Once the game has started, you will be automatically given the away team as your tip.
- Tippers who join the competition after Round 1 will be awarded the average score of the round for each round they missed.
- There will be NO bonus point/s awarded for getting all tips correct (i.e., if you tip all 9 winners, you'll get 9 points).
- No tips mean you will be allocated the Away teams by the system and any system default (Away) tips will not qualify for the weekly prize.
- In the event of a drawn game(s) everyone gets a point for the draw.
- The *winning margin* game will be the first game for each round. The winning margin must be recorded in points (e.g., 10 goals 2 points = 62 points).
- The greatest number of correct tips for each Round will receive a \$50 prize.
- If more than one tipper selects the "most correct winning teams", the winner will be decided by the closest to the *winning margin*, the "tie breaker".

- If more than one tipper selects “the greatest number of games” and *winning margin*, the weekly prize will be split between the tippers.
- During the Home and Away season, the competition ladder tippers will be ranked by total score and then lowest accumulated margin difference.
- If there are two tippers on the same score and the same accumulated margin difference, the system will rank them according to who registered first on the ladder.
- On the competition ladder, tippers will be ranked by total score and then accumulated margin difference, this means the two tippers will have the same score, however they will not be ranked equal.
- At season’s end, the tipper (or tippers) with the most points **AND** lowest accumulated margin difference during the “Home and Away” season will be declared the winner/s of the 2025 Tipping Trophy and receive the first prize allotment either outright or shared.
- Prize fund allotments for the year will be posted at the completion by round 10, if not earlier.
- Tippers can have multiple entries however each entry is at a cost of \$50.
- Open to all CURRENT Lotterywest/Healthway staff and family members.
